***"We recently had Jaye McKenzie in to perform a clearing/energy cleansing for our home. Jaye explained that spirits can attach themselves to objects as well as people and even our young children were sometimes afraid to sleep in their rooms. Once the clearing was done the atmosphere felt lighter, our son said his room now 'feels loose' and our daughter doesn't have nightmares anymore! The vanity in our room has stopped calling our attention - one of the ghosts was attached to this antique. Thanks Jaye, your positive energy clearing made a real difference in our home!"*** The Hill Family, Uxbridge, ON
